## 1. To create a Patient Access Account

To open a Patient Access Account you first need to contact the Surgery and ask them to register you. In order to register you will need to complete an application form and provide suitable PHOTOGRAPHIC IDENTIFICATION. You will receive a registration from the practice giving you the information you need to complete the registration screen. This registration form will contain a PIN, your practice number, your individual access ID, and your NHS Number such as the example below.

| Screen 1        |            |
|-----------------|------------|
| PIN             | 654789     |
| Practice Number | 1234       |
| Access ID       | 9876       |
| NHS Number      | 1234567899 |
| Screen 2        |            |
| First Name      | John       |
| Last Name       | Smith      |

Enter the other information yourself. Remember your password and security information, but do not write them down in identifiable form.

You now need to access a PC and log on to the Internet. Into the Internet address bar type <http://www.oldmachar.co.uk> and the following screen will appear:
